*Solution enables firms to gain insight into performance across carriers*

PORTSMOUTH, N.H., July 22, 2020 (GLOBE NEWSWIRE) -- Bottomline (NASDAQ: EPAY) today announced that Lewis Brisbois Bisgaard & Smith LLP, an AM LAW 100 law firm with over 50 offices and over 1400 attorneys nationwide, recently implemented Bottomline's Law Firm Analytics solution. The firm selected the tool to improve billing operations, aid in timekeeper education and management, gain greater insight into firm performance, and strengthen client relationships.

Law Firm Analytics provides actionable insights into all of a law firm's clients and cases billed in Bottomline's Legal-X system. The solution includes dashboards and automated reports to eliminate manual data compilation and simplify analysis of key metrics. Firms are now able to prioritize invoices to appeal, view timekeeper summaries, and track areas of non-compliance down to the line item level.

"We are delighted to have an industry-leading firm like Lewis Brisbois implement Law Firm Analytics. We continue to see increased utilization and importance placed on metrics
